

INJURIES PUT BIRRELL IN BED.

Women's Blobs Incapacitate
Venerable Secretary.

Militants Renew Riots; Stone
Homes of Statesmen.

Many Haled Up Before
Court Bring Knit.

(ASSOCIATED PRESS NIGHT REPORT.)
LONDON, Nov. 22.—The rioting of the Suffragettes yesterday, which began with an assault on Premier Asquith, continued throughout the night. Driven from one district, as many of the women as escaped being caught at another point and renewed the battle.

Advancing under cover of the fog at 3:30 o'clock this morning, a militant band circumscribed the police and assailed the Asquith residence in Downing street. It hurled stones and metal weights at the house, breaking the glass in all of the lower windows.

SMASH MANY WINDOWS.
Earlier in the night the women smashed the windows in the homes of Sir Edward Grey, the Foreign Secretary; Louis Harcourt, Secretary of State for the Colonies; and Winston Spencer Churchill, the Home Secretary.

Augustine Birrell, the veteran Chief Secretary for Ireland, was the victim of the most vicious and serious assault as a result of injuries from blows and kicks the aged statesman is confined to his bed today under the care of physicians. He has been compelled to cancel all immediate private and official engagements.

Mr. Birrell was making his way on foot through St. James Park to the Athenaeum Club when he was set upon by the women and soundly beaten. Police rescued him and helped him to a motor car, in which he was taken home.

One hundred and fifty-six women and two men who took part in yesterday's riot were arraigned in the Bow Street Police Court today. At the direction of Home Secretary Churchill, those charged merely with obstruction were discharged. The others, against whom complaints of assault and wilful damage of property have been made, were remanded to jail to be held for sentence later.

MANY SEEK 'MARTYRDOM.'
Most of the women prisoners appeared in court carrying bags containing a change of clothing, hopeful of the glory of martyrdom in jail. Some brought their knitting, and, plying their needles busily during the proceedings, greatly amused the spectators.

Among those held for punishment was Mrs. Haverfield, daughter of Lord Ashburton, who, according to the testimony introduced, had promised to bring a revolver with her on the occasion of the next suffragette demonstration.

The hearing was adjourned until tomorrow, when a decision in all of the cases will be rendered.

The suffragettes made another attempt to force their way into the House of Commons tonight, but were repulsed and a number of them were arrested.

GREYSTONE CASTLE LIELED.
Owners of Tug Sunk in Collision Off
Angel Island Ask \$27,000
Damages.

(ASSOCIATED PRESS NIGHT REPORT.)
SAN FRANCISCO, Nov. 23.—In his testimony today before Steamboat Inspectors Bolles and Bulger, Capt. L. L. Langren of the tug Sea Prince, sunk in collision with the steamer Greyhound off Angel Island, on the night of Friday, November 18, laid the blame for the disaster upon the master of the steamer. He stated he had warned Capt. W. G. Smith of the Greyhound to keep the steamer at least 1000 feet away from the tug, and the order had been disobeyed.

Capt. Smith, on advice of his attorney, refused to testify. It was announced that the matter would be called to the attention of the Federal District Attorney.

Capt. Isaac Smith of the government steamer Siocum, and Capt. John H. Cunningham of the bay steamer Monticello, who witnessed the accident, were called as witnesses.

The Ship Owners and Merchants' Tug Boat Company filed an action for libel against the owners of the Greyhound, Castle today for the loss of the Sea Prince. They ask \$25,000 for the tug and \$2000 for the cost of attempts to locate the sunken vessel.

MADERO'S OUTBREAK PLANNED
WHILE UPON AMERICAN SOIL.

Claimant to Mexican Presidency Holds Conferences
With Revolutionary Leaders During Forty Days' Stay
in San Antonio, Texas—Purchases Arms and Ammunition from Friends for Smuggling Across Rio Grande.

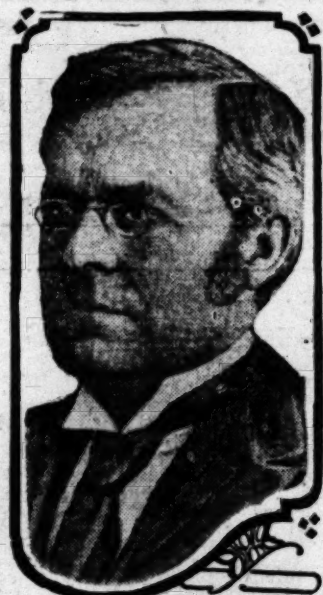

(ASSOCIATED PRESS NIGHT REPORT.)
SAN ANTONIO (Tex.) Nov. 23.—The revolution broke out in Mexico, completed his plans for the present outbreak since his arrival in this city, October 7.

He left here the night of November 16 and crossed the Rio Grande to his own ranch in Mexico Sunday morning, November 20, where he took command of 600 men, well armed.

Immediately upon his arrival in San Antonio last month he was surrounded by revolutionary leaders until he left the city, although he disclaimed warlike intentions. He came from Mexico disguised as a peon, having forfeited bonds for his appearance on a charge of sedition, growing out of a speech delivered at San Luis Potosi, May 29, prior to the election in which he was a candidate for the Presidency against Diaz.

Madero was met here by Juan Sanchez Azcona, a former member of the Mexican Congress, who also is a brother-in-law of Juan de Casasus, former Ambassador to the United States, and by Enrique Bordes Manguel, an orator for the anti-Diaz party in Mexico. Azcona is a graduate of Harvard and Madero of Ecole Centrale, Paris.

ARMS SMUGGLED THROUGH.
Madero seldom showed himself and claimed to be opening his campaign for the Presidency six years hence. He has close friends here and through them he was able to purchase large quantities of arms and ammunition, this fact not being known until after

to ten men, who have worked their way into Mexico.

Incoming passengers on trains from Mexico have varied stories to tell regarding the outbreak. One passenger today told a story that there was treason within the ranks of the Mexican army, and that nineteen officers had been shot by order of the Mexican authorities.

Reports from the interior indicate the Mexican authorities are strenuously endeavoring to protect Americans and that in many instances the police have been engaged in the guarding of property of Americans, have been ordered to shoot down anyone attempting any demonstration.

Word from the southern part of the State of Tamaulipas, which is thickly settled with American farmers, indicates complete quiet there.

QUET IN CANANEA;
BOUNDARY IS GUARDED.

(ASSOCIATED PRESS NIGHT REPORT.)
DOUGLAS (Ariz.) Nov. 23.—Passengers coming in from Sonora points state that aside from the movement of troops, there is no disturbance so far in Cananea, Hermosillo, Magdalena Nacozari on Moctezuma districts. The main body of troops, which moved from Cananea eastward, are now between this city and Naco, completing the border patrol.

Lieut. Robert L. Colling returned from Fort Huachuca this afternoon, after the exchange of many telegrams with General Torres, Governor of Sonora, but whether this means that the Eighth Cavalry at Fort Huachuca will be moved is not divulged.

A little group of Mexicans armed with old rifles was seen lurking around the Copper Queen smelter this evening. All persons on foot were permitted to cross the line today, but others in vehicles were turned back. While the border towns are not declared under martial law, late advice practically places Sonora under military rule.

Owing to the large amount of guns and ammunition for high-power weapons at Douglas and Bisbee, and the fact that the regular army posts are so distant from the border, Douglas people today set on foot a movement to have regulars concentrated here, as recommended by Gen. Thomas in his last report. Fort Huachuca, the nearest post, is forty miles from the border, with no direct railroad connections.

Mexican authorities here state this evening that they have received dispatches indicating that the government has the situation well in hand.

WOULD-BE PRESIDENT
FUGITIVE FROM LAW.

(ASSOCIATED PRESS NIGHT REPORT.)
MEXICO CITY, Nov. 23.—Francisco I. Madero, who, according to dispatches from Ciudad Porfirio Diaz, has proclaimed himself President of the provisional government of Mexico, is a fugitive from justice, having been convicted in the Mexican courts on November 19 of inciting the people to rebellion. His whereabouts recently has been in doubt, though reports placed him in the vicinity of the family estate at Coahuila.

Madero was a candidate at the last election for the Presidency in opposition to President Diaz and Ricardo Flores Magon. When Diaz was continued in power Madero disappeared. Madero is credited with being the head of the revolutionary movement. The importance of the reported proclamation, however, may be less than appears on the face of it, as during his campaign for the Presidency circulars purporting to have been sent out by the candidate announced him "the constitutional President of Mexico."

The Maderos are wealthy and the name is familiar throughout the republic, next to Gen. Bernardino Reyes, Madero is perhaps the man most feared by the administration. During his trial for inciting the people to rebellion witnesses swore that on May 29 he used the following language:

"Now that the people of Mexico are alive to the situation and understand perfectly the danger which threatens them, they have decided to rise and conquer or die. The time for the struggle is at hand, and should it be required, let the last drop of blood be shed to overthrow this tyrant."

REVOLUTION TRIFLE,
SAYS GOVERNOR REDO.

(ASSOCIATED PRESS NIGHT REPORT.)
EL PASO (Tex.) Nov. 23.—The insurrectionists are scattered and entirely without organization," was the assurance given by Gov. Diego Redo of Sinaloa, upon arrival here from his way home from Mexico City this morning.

"The government will certainly be able to cope with them successfully as soon as the military forces can reach the scenes of disorder."

We have nothing to fear from Madero. He is an ambitious man with wealth, but without character or patriotism, except Dr. Gomez's weakness, but has lost his head."

Many things have contributed to make the massive labor troubles in the manufacturing districts have occurred, mines closed down, and crops were generally poor last season. The people were in humor to listen to revolutionary talk, but it will soon pass and the masses will support the government. The manner of electing the President was not extended to the point where they can be entrusted with unlimited power.

"There is no anti-American sentiment worth mentioning. A few students took up the Rodriguez incident as a diversion, and the malcontents straped the situation as being suited to their needs. Any other public demonstration would have served the purpose."

"The leaders of the uprising will be apprehended in due time and severely punished—in whom way I cannot say. This severity will not extend to the masses, who were misled. Pardon will be granted and the people permitted to return to their vocations."

"American interests will not suffer greatly, as the government will use its full resources to protect foreign investments."

MUTINY IN BRAZILIAN NAVY; CAPITAL IS FIRED UPON.

(ASSOCIATED PRESS NIGHT REPORT.)
LONDON, Nov. 23.—Reports have been received by business houses here that part of the Brazilian fleet has mutinied.

A private dispatch received at Barrow tonight says the crews of Brazilian warships mutinied and fired on the capital. The dispatch gave no further details.

According to a later private telegram from Rio de Janeiro, all business has been suspended there and the situation is critical.

Negotiations between officers ashore and mutinous marines on board of one or more of the warships have not yet been concluded.

Apparently the dispatches were sent to give information as to the safety of several Barrow engineers, who accompanied the warships Minas Gerais and Sao Paulo from England to Brazil. A dispatch from Buenos Aires says nothing is known there of any dissatisfaction at Rio Janeiro.

PIONEERS MAY
YET GET PARK.Secretary of Interior Ballinger
Favorably Disposed.Investigating Petition Pre-
sented by Los Angeles.Waits Reports from Various
Departments.

[BY DIRECT WIRE TO THE TIMES.]
WASHINGTON, Nov. 23.—[Exclusive Dispatch.] Senator Flint received word today from Secretary of the Interior Richard A. Ballinger that he would make recommendation regarding the appeal of the Pioneer Association of Los Angeles for public lands for a park, as soon as he could obtain reports from the various branches of the service interested on the character of the lands.

Some time ago a petition signed and supported by some of the most influential men in Los Angeles was presented to President Taft, Secretary Ballinger and Senator Flint, asking for 1780 acres of land in sections 25, 26, 27, 28, 29, 30, 31 and 32, township 5, for a park wherein the pioneers could establish records of the early settlers of Los Angeles county.

It was set forth that on this land, Lopez had made the first discovery of gold in California in 1834, taking out some thirty-six pounds of yellow metal, which he sent to San Francisco. The lands are mineralized and worth more for mining than for agriculture, and it was felt that here could be erected monuments and mining models which would serve to perpetuate the memory of pioneer mining men.

Senator Flint urged the matter on Secretary Ballinger, and the latter has called on the General Land Office, the Reclamation Service and the Geological Survey for reports as to the status of the land. On receiving such reports the secretary will make "appropriate recommendations" to the President.

HOLIDAY PIE COSTLY.

CURRANTS SHORT THIS YEAR.

[ASSOCIATED PRESS DAY REPORT.]
WASHINGTON, Nov. 23.—Pie and pudding for the holiday season may come a little higher on account of a shortage of 167,000 tons in the world's current and raisin market for the year 1910. The current crop in Greece will be at least 500,000 tons short, but the full retention of 35 per cent. allowed for export has been made through the addition of more than 25,000 tons of last year's crop held back on account of over-production. Merchants in Greece predict a maintenance of present high prices.

"I have no comment to make," was the only authorized part of the interview but there was more, chiefly the smile. How the hot tip got out to the remote First California District that the Secretary was to resign was passed up to the Geological Survey. The topographical situation of Englebright renders it interesting scientifically to know why he should receive

TURNS DOWN BOARD CHAIRMAN.

[ASSOCIATED PRESS NIGHT REPORT.]

CHICAGO, Nov. 23.—Mrs. Ella Flagg Young, superintendent of Chicago schools, and President of the National Educational Association, refused to recognize President Nicholas Murray Butler, of Columbia University, as chairman of the board of directors of the National Educational Association. Instead, Mrs. Young sent an invitation to H. B. Brown, President of the Valparaiso University, who was selected as temporary chairman of the board at the last meeting. Last year Mr. Butler was chairman and by virtue of his office, was a member of the executive committee. At the last meeting, it is said, Mr. Butler refused to continue as chairman, and a temporary chairman was named. Since then, however, Mr. Butler has announced he would accept the chairmanship.

Explorer Returns from Fifteen Months' Search for Curious in Queer Corners.

[ASSOCIATED PRESS DAY REPORT.]
NEW YORK, Nov. 23.—Roy C. Andrews, one of the explorers employed by the American Museum of Natural History, has just returned from a fifteen-month search of odd corners of the world. The result of his work is a consignment of seventy tons of specimens, the bulk of this consisting of whale skeletons from the coast of Japan. He brought with him a collection of photographs of whales and other mammals, and motion picture films which he made during his travels. Mr. Andrews pursued his work with rifle and camera through the Philippines, the Bashi group, the Fiji Islands, Celebes, Borneo, Formosa, and Japan. He killed a large number of specimens of birds, reptiles and mammals. He collected also a quantity of ethnological material.

The remainder of the time he spent on the coast of Japan, living at whaling stations where he captured many varieties of the whale family and prepared the skeletons for shipment.

TAIL WAGS DOG.

NEW YORK CITY GAINS MILLION.

POPULATION NOW EXCEEDS THAT OF ENTIRE STATE.

Remarkable Showing Revealed by Publication of Census Statistics. Growth of Empire Commonwealth Also Astonishing, and Ohio Can Boast Only 238 More Inhabitants.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Nov. 23.—New York City for the first time has become greater in point of population than all the rest of the State of New York.

This is shown by statistics giving the population of the State, as enumerated in the census taken last year, made public today. While this is the most striking feature of the New York State census figures, almost as remarkable is the rate of growth of the Empire State. Since 1870 it has doubled its population, and the rate of increase in the last ten years, 65.4 per cent., is the greatest since the decade between 1840 and 1850, when the percentage of increase was 27.5.

This increase is largely attributable to the growth of cities, and is believed by the census officials to be due to the development of the manufacturing interests and to foreign immigration.

With this increase in population will come a larger representation in the lower branch of Congress.

Of the 9,113,273 people in New York City, 4,768,883 are in New York City, and 4,344,390 outside. In 1890 New York City contained 2,944,000 inhabitants, more than the State outside the city, the population of the city being 3,437,202.

The population of the State of Ohio is 4,767,123, according to the statistics of the thirteenth census. In a letter today by Director Durand. This is an increase of 69,576, or 1.47 per cent. over 4,757,546 in 1900. The increase from 1890 to 1900 was 485,229, or 13.2 per cent.

BROKER IS ARRESTED.

DECATUR (Ga.) Nov. 23.—J. W. Knight, managing partner of the de-

funct cotton firm of Knight, Yancy & Company, which failed for about \$6,000,000, was arrested here today by a United States marshal and taken to Huntsville. The arrest is made on affidavits found by the United States grand jury charging fraudulent use of the mails.

PRESIDENT CLOWRY RETIRES.

Head of Western Union Sends Resig-

nation to Directors—Theodore M.

Vail Succeeds Him.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Nov. 23.—Robert C. Clowry, president of the Western Union telegraph company, tendered resignation to the board of directors today and Theodore M. Vail, president of the American Telephone and Telegraph company, which controls the Western Union, was appointed to fill the vacancy.

Col. Clowry in his letter of resignation says: "I hereby tender my resignation as president of your company, to take effect today. Having been continuously engaged in the telegraph business for more than fifty years, I feel that I am entitled to retire from the service and take a much needed rest."

Mr. Vail, who succeeds Mr. Clowry, began his business life as an operator. The Vail family was connected with the telegraph business from the beginning. Alfred Vail, uncle of the new head of the Western Union, was partner in the telegraph business with his brother, B. Morse, inventor of the telegraph.

Newcomb Barlow, of the British Westinghouse Company, was today elected a Western Union vice-president.

Col. Clowry, in a message to the employees of Western Union, spoke of the new president's hearty cooperation and support.

PRESIDENT IS
AGAIN ON JOB.Returns to Washington and
Starts on Message.Explains Conditions as Found
at Panama Canal.Predicts Early Completion
of Gigantic Task.

[ASSOCIATED PRESS NIGHT REPORT.]
WASHINGTON, Nov. 23.—President Taft returned to Washington, tonight, after having stopped over at Richmond, Va., on his way from the Isthmus of Panama.

The President announced soon after his arrival that he would make no engagement in the next few days. In that time he hopes to have completed his message to Congress.

Only cabinet officers and others with whom the President desires to consult regarding his message will be formally received at the White House. The document will be ready either the night of November 28 or early on November 29.

The President, in the message, will deal with his visit to Panama, making recommendation on a number of subjects which he desired considered with a view to early action.

NO EXTRA SESSION.

Coincident with the President's re-

turn, it was learned there is not the

slightest prospect for an extra session

of Congress following the coming start

session.

President Taft had an interesting day in Richmond, the most important features of which were an informal address on the Panama canal at the luncheon given in his honor, and an address before the Virginia Educational Conference.

When the President left for Panama, he attempted in a way to describe the conditions he found, and he aroused the enthusiasm by his prediction that the canal would be open well in advance of the official date of opening, January 1, 1915. He declared if necessary demand American battleships could be sent through the waterway by January 1, 1915.

LOCK AND LAKE PLAN.

"What the American people want,"

said the President, "if I understand it,

and they are willing to pay fairly for it,

it does not require the imagination

of an engineer to see that the canal

is there and is being put through, and

that it will be a great canal."

The President went into some detail in dealing with the problem presented by the Chagres River, and declared the lock-and-lake plan finally adopted was the only feasible one for controlling the turbulent stream.

LOCKS BIG UNDERTAKING.

"If it were excavation only, we would

not have so much to do," he said. "The

earliest of the locks, the one at Gatun,

will be completed about January 1,

1912, but there are those great lock

structures, for instance, at Gatun,

which will take 200 long miles, with

a wall on the outside forty feet in

width, and a wall in the middle fifty

feet wide."

The riot was turned in and several officers in an automobile arrived to quell the disturbance. Hatfield told them to "take care" as he was a bad man and he was not to be messed with. He was placed under arrest and his "forty-five" taken from him.

He was taken from the poker because the crowd didn't put up a strong enough fight for him to draw his gun.

BATH TUBS USED AS COAL BINS.

Foreigners at Gary, Ind., Steel Works

Fail to Appreciate Modern

Conveniences.

[BY DIRECT WIRE TO THE TIMES.]

GARY (Ind.) Nov. 23.—[Exclusive Dispatch.] Foreigners employed at the great steel works of Gary, Ind., are using their bathtubs for coal bins.

Hundreds of these men draw large salaries, but think bathing an utter waste of time. The United States Steel Corporation is disgusted, and in the permits just taken out for a lot of new houses, no arrangements are made for bathtubs. When the houses for employees are finally planned, they included unusually fine bathtubs, with porcelain tubs and nickel plumbing. Inspectors say these tubs have never been used for bathing in the two years or more they have been installed. Instead the thrifty foreigners use the porcelain tubs as an ideal storage box for coal and potatoes and the beautiful white tiled bathtubs as a dumping room for all sorts of junk.

MODEL'S RETURN.

Canadian Family is Overjoyed at

Decision of Artist's Subject Whose

Wounded Bride Gave Painter to

Exhibit at Chicago Institute.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Nov. 23.—[Exclusive Dispatch.] Miss Marion McKenzie, a pretty Canadian girl who came to Chicago and found it unkind, is on her way to Windsor, Ont., today, expecting to find her father and mother and a few miles from Windsor her parents will bow their heads over the dinner tomorrow and give thanks—for little Marion McKenzie, who has returned home this year—not for the small bank account they were able to begin, but that their daughter, Marion, has returned to them.

In the studio of Wellington J. Reynolds, an artist in the Tree Building, Ontario and North Street, a canvas bearing his painting, "The Asphodel Gatherer," and representing the painstaking toil of weeks, lies, figuratively, slashed to ribbons.

The hand of the eccentric artist himself is said to have held the palette scraper that did the work. The picture, for which Miss McKenzie sat as model, was to have been included in the Reynolds exhibit at the Art Institute Exhibition in January.

Chicago's Bohemia is agog over the bit of romance that might have been taken from the pages of a season's "best seller."

The story is that Miss McKenzie came to Chicago four months ago, and, unable to secure employment, finally answered an advertisement for an artist's model.

The Canadian girl was accepted as a good subject by Mr. Reynolds who informed the stranger that she would have to appear in the nude. The suggestion shocked the modest girl, who returned three different times to the studio, pleading with the artist to permit her to have draperies thrown over her. But he declared that he must have a model in the nude for the work he had planned.

Without money or friends and out of work, Miss McKenzie reluctantly agreed to appear in the nude.

After the painting was finished, Miss McKenzie was invited to look at the finished work. The girl burst into tears when she saw it and was inconsolable.

The artist looked at the heart-broken girl and then glanced at the canvas. He said, "It is a beautiful picture, but it is a tragedy."

Mr. Reynolds refuses to affirm or deny the story, but he said that the motive that impelled him to destroy the beautiful painting.

COMMISSION HEARS TESTIMONY

OF ROAD MANAGEMENT EXPERTS.

Eastern Shipper's Attorney Urges Interstate

Commerce Body to Conduct Independent Investigation

Into Scientific Methods Which He Avers Have

Cheapened Operation.

WASHINGTON, Nov. 23.—Today's session of the Interstate Commerce Commission consisted mostly of discussion of the management of railroads by expert witnesses. This line of testimony was closed late in the afternoon, and the committee adjourned till Friday.

Attorney Louis Brandeis, for the Atlantic Seaboard shippers, in summing up the scientific management testimony, reiterated the request that the commission conduct an independent investigation if it believes the railroads have not introduced such scientific methods and he believed he had produced evidence to show they had not.

Mr. Brandeis assumed the burden of proof was on the railroads to show that they have put into operation economies which he did not believe existed.

EXPERTS GIVE OPINIONS.

Charles B. Going, managing editor of

an engineering magazine, told how the

San Francisco Railroad had made a net

saving of \$25,000 in five years in its re-

pair and machine shops through func-

tional organization and analytical

study and standardization of in-

struction.

Harrington Emerson, engineer, fac-

tory manager, investigator and busi-

ness instructor, described the applica-

tion of scientific management to the

railroads. He testified it was by no

means settled that larger locomotives

meant diminished cost, while on the

other hand, it was quite likely the rail-

roads could not haul as much business

with the smaller engines and the other

equipment of twenty years ago. He

did not think much of the railroads

admission.

MUSIC TO EARS LONG STRAINED.

No Opposition Is Expected at Vernon Arena.

Main Event to Be Twenty Rounds to Decision.

Two Ten-Round Prelims to Complete the Card.

The fight game is to be reopened in Los Angeles this afternoon when Danny Webster and Charley White, featherweights, meet in the Vernon arena in a twenty round battle.

It will be in the nature of a test venture today by the Pacific Athletic Club and Manager McCarey believes that the game can be so conducted as to meet with no opposition.

Boxing has never met great opposition in Los Angeles and the game was only stopped when Governor Gillett became stirred up over the Jeffries-Johnson affair. Boxing bouts are permitted under certain restrictions in California and the details are usually left for city councils and trustees to arrange.

The Vernon trustees are not averse to having the bout today held within their territory and Manager McCarey has prepared a good card for the fight fans of this city.

Charley White, the new face in the group of six boxers who are to appear here today, is from Chicago and is a member of that school of younger fighters who follow the teachings of Harry Gilmore and which includes such men as Packey McFarland, Billy Papke, and others. He is a clever, two-handed fighter who is determined to take care of himself and yet inflict severe punishment.

In Webster White will meet the best boy on the Coast at his weight and although Danny has been fighting at the bantam limit, the featherweight class is more to his liking provided his opponent is down to the mark not too long before the fight.

It has been rather difficult for White to make the weight except through hard work, so that after he weighs in at 10 o'clock this morning he will be able to add a few pounds before he enters the ring this afternoon.

Webster has been working up to the weight he should enter the ring at exactly the right poundage.

Some believe that the bout between Frankie Sullivan and Young Rivers will be the best of the day. Sullivan is a real fighter as far as willingness and style of fighting goes but he is no more than a second rate in ability although he always gives a good show when he appears. This time he is really a trial horse for the clever and hard-hitting youngster, Young Rivers, and what the fans really look forward to in this bout is the way Rivers defeats himself.

There are those who think Rivers is a coming champion, while others believe that in a real battle he will not be able to stand the buff. Hereafter he has been unable to find a youngster who could extend him and his work was so easy that there was no chance for a real test.

As an eye-opener the bout between Hobo Dougherty and Jeff O'Connell should be a good one. Both are willing, hard-working boys and it should be a fight all the way through.

The two preliminaries are to be ten rounds each and the main event twenty rounds. Charley Eytan is to referee the big battle and Art Reynolds the preliminaries.

Manager McCarey expects a record-breaking crowd in this reopening of the game.

MEN'S MATCHES AT HOLLYWOOD.

GOOD TENNIS GAMES ARE ON FOR DAY'S SPORT.

Contests to Be Completed Saturday When Women Are to Meet in Singles and Mixed Doubles—McLoughlin, Bundy and Other Stars to Compete—Society Out.

The first series of tennis matches in the second annual Hollywood tennis tournament will be played on the Hollywood courts this afternoon and will include only the men's doubles. All of the most prominent players on the Coast are entered for this meet which is an invitation affair.

Mixed doubles will be played tomorrow afternoon and ladies' singles will occupy Saturday morning. A special series of matches and the finals will be played during the afternoon Saturday, which is the closing period of the tourney.

The entries for the ladies' singles and mixed doubles are: Miss May Sutton, Florence Sutton, Frances Rowan, Alice Scott, Mrs. Widdowson, Mrs. B. O. Bruce and Mrs. H. R. Elliott. No ladies' doubles will be played.

In the men's doubles the following teams are entered: Maurice E. McLoughlin and Eugene Overton, Thomas C. Bundy and T. W. Hendrick, A. E. Bell and A. C. Way, Nat B. Browne and Charles B. Hopper, Harold Braly and Allen Y. Duncan, Winfred Mace and S. M. Sinsabaugh, Gerald Young and William Bacon.

No men's singles will be played during the tournament. The McLoughlin-Overton and Bundy-Hendrick teams were challengers for the national doubles championships this year.

The winners will be determined by a process of elimination and handsome prizes have been offered by the parties carrying off the honors. The most sensational match of the tournament will be on Saturday afternoon when the old-time rivals, McLoughlin of San Francisco and Bundy of Los Angeles will play singles. All of the matches will be the best two out of three sets.

Bleachers have been built and decorated to accommodate a number of box parties, and these have already been engaged by a number of the prominent social leaders of Hollywood. Light refreshments will likely be served during the course of the tourney.

The men's doubles, scheduled for this afternoon, will be played as follows: McLoughlin and Overton against Mace and Holmes, Bell and Way against Braly and Duncan, Sinsabaugh and Wayne against Browne and Hopper, Bundy and Hendrick against Bacon and Young.

The winners of these matches will play the winners of the other matches in the final.

WESTGARD REACHES PHOENIX.

Premier Cross-Continentalist on Outskirts of Desert Plans to Finish in Los Angeles.

[BY DIRECT WIRE TO THE TIMES.] PHOENIX, Nov. 23.—(Exclusive Dispatch.) A. L. Westgard, driving his own Premier car, laying out a trans-continental highway for the Touring Club of America between New York and Los Angeles, arrived in Phoenix this evening. He says he has had a hard trip from Albuquerque, N. M., which was left nine days ago.

The car was driven where none had ever been before, through sixteen inches of snow on the White Mountains and through mud up to the hubs. The party was lost for a day near the Acoma Indian Village. Ray MacNamara, the driver, was swept down stream in the Black River and narrowly escaped death as he was trying to work the car across.

Mrs. Westgard is still ill from the effects of the near Coolidge's Ranch. Though much of the way was through sharp volcanic rock, three of the New York tires still are on the car. The party will rest here till Friday, dependent upon Mrs. Westgard's ability to travel and will then resume the westward journey. The route to the coast has not been determined upon.

Boxing has never met great opposition in Los Angeles and the game was only stopped when Governor Gillett became stirred up over the Jeffries-Johnson affair. Boxing bouts are permitted under certain restrictions in California and the details are usually left for city councils and trustees to arrange.

The periods of the polo game will take place between the various races and the programme is so arranged that something will be doing on the field all the time.

OAKLAND RACES.

GAINS NECK VICTORY.

[ASSOCIATED PRESS NIGHT REPORT.] OAKLAND, Nov. 23.—Metropolitan gained a neck victory over Dalmatian in the El Rio Rey handicap at Emeryville today. Thistle Belle made most of the running and finished third. Abella beat the barrier in the first and won from Dacia. Madeline Mustang was another outsider to surprise.

Futurity course: Abella (Gilbert) won; Dacia (Selden) second; Louise B. (Pickens) third; time, 1:11. Great Caesar, Clara Hampton, Royal Greenleaf and Constanthanthu finished as named.

Futurity course: Capt. John (Mentry) won; Combury (Garner) second; Gramercy (Cotton) third; time, 1:15. Harry Stanhope, Hannibal Bey, Aunt Polly, Burnell, Bellancker, Who, Lookout and Naps finished as named.

Five furlongs: Metropolitan (Selden) won; Thistle Belle (Garner) third; time, 3:35. Edmond Adams, Ternstreck and Early Tide finished as named.

One mile and seventy yards: Sake (Pogarty) won; Sir Angus (Leeds) second; Special Delivery (Buxton) third; time, 1:44. Nebulosis, Onatassa, Treasure Seeker, Royal River, Lady McNally, Nasmerito and Pete finished as named.

Futurity course: Chantilly (Selden) won; Swagelator (Cavanaugh) second; Piume (Archibald) third; time, 1:11. E. M. Fry, Platoon, Roy Shumway, Elkra, Roy T. All Alone, Transmator and Redondo also ran.

SOPHS BEAT FRESHIES.—The Sophomore basketball team of the University of Southern California defeated the Freshman quintet yesterday afternoon by a score of 45 to 17. The teams were well matched and the game was the closest of the season. In the final the sophomore men pulled away from their opponents, outclassing them in every feature of the game.

CROSS-COUNTRY RUNS.—NEW YORK, Nov. 23.—The Amateur Athletic Union's cross-country championships will be decided at Celtic Park here on next Saturday. Teams from the Pittsburgh and New York clubs will start.

DAWSON IS CHAMPION.

Los Angeles Tennis Player Wins Premier Honors at Stanford University.

[Special Correspondence of The Times.] STANFORD UNIVERSITY, Nov. 23.—Ward Dawson, '14, of Los Angeles, is tennis champion of the university. Yesterday he defeated H. S. Morgan, '12, of San Diego, in the final round of the inter-class tourney, 6-0, 6-3, 9-7. The match brought out the best tennis that has ever been played on the local courts. Both players were in fine fettle and Dawson had a hard time in downing his rival. Nearly all the games went deuce, and in the last set Morgan had a 4-0 lead before Dawson began to get busy.

But the Los Angeles player was always equal to the occasion and he got into tight places. In the games that went deuce he always was able to show enough superiority to win out.

Although a freshman, Dawson is probably the best tennis player who has ever won the Cardinal. He is practically certain of a place on the intercollegiate team that will meet California in the spring.

YBORRANNO MAKING GOOD.

SANTA CLARA, Nov. 23.—Tommy Former St. Vincent's Athlete Shines At Santa Clara In New Career on Gridiron.

[Special Correspondence of The Times.] YBORRANNO, the former football and baseball player of St. Vincent's Col-

lege, is the "whole show" in athletics at Santa Clara College. Yesterday, by making a drop kick from the field in the St. Mary's-Santa Clara game at Berkeley, he scored a victory for his team. Yborranno played half-back for the local aggregation and put up a star game.

While at St. Vincent's Yborranno was adjudged a professional by the A. A. U. commission for playing baseball under an assumed name and for money, but evidently he has outlived his professionalism as he is once more entrenched in the amateur ranks. However, the northern colleges are not as strict in their requirements of amateur standing as are the northern universities and other colleges in the State.

EMBLEMS ARE AWARDED.

Sixteen Stanford Football Men Receive 'Varsity Letters—Substitutes Rewarded.

[Special Correspondence of The Times.] STANFORD UNIVERSITY, Nov. 23.—"Cub" Minturn, '09, and "Louie" Cheda, '10, forwards on the 'Varsity football team, have been awarded four stars by the student body for their participation in four inter-collegiate football games.

The following named football men were awarded 'Varsity emblems for football: K. L. Dole, '11, L. Minturn, '09, F. C. Brown, '11, G. E. Cheda, '10, B. E. Erb, '12, W. Smith, '12, A. L. Sundell, '12, J. T. Arrell, '12, S. L. Mitchell, '13, J. H. Thoburn, '13, A. Frank, '13, E. C. Baumgartner, '14, P. F. Gelsler, '14, P. F. Harrigan, '14, F. W. Reeves, '14, C. E. Olmstead, '14.

Eight 'Varsity substitutes, who did not get into the big game, were awarded German "S's."

BASEBALL GAME.

TO PLAY IN MORNING.

McCormick's Los Angeles baseball team and the Vernon aggregation are to play at Vernon at 10:30 o'clock this morning. The game scheduled for the afternoon was cancelled on account of the light card to be pulled off at the Vernon arena at the same hour.

Manager "Kitty" Brashner of the Vernon and McCormick of the Los Angeles team have both made slight changes in their line-up, and think that their teams are stronger than when they last played.

The line-up: Los Angeles. Lane, c. Hasty, p. Trizer, 1b. Thorson, 2b. Seaton, 3b. Tennant, ss. Lindley, 4b. Mohler, 5b. Green, 6b. McClelland, 7b. Breen, 8b. Cravath, 9b. Carlele, cf. Ellis, lf. Harris, rf. Tonnason or Reiger.

PLANS TO BEGIN LIFE ANEW.

Ethel Clare Leneve to Assume Another Name and Seek Occupation Among Strange Scenes.

[ASSOCIATED PRESS NIGHT REPORT.] SOUTHAMPTON (Eng.) Nov. 23.—Friends of Ethel Clare Leneve say she proposes to begin life anew under a new name and where she is not known. In order to escape further notoriety.

So far as can be learned, she did not sail on the Steamer Majestic for New York today, although she had booked a second-class passage under the name of Miss Allen. It is thought she may have changed her plans after they were discovered, though it is possible she will join the vessel at Cherbourg or Queenstown.

Plymouth Rock of Pacific Coast

Santa Catalina Island is a more historical spot than most of us have stopped to figure out. One Hundred years before the Pilgrims crossed in the Mayflower—September 1592—Juan Rodriguez Cabrillo—a Spaniard—the first white man to set foot on California dirt—landed with two ships of brave men on Catalina, to make friends with the Indians. A week previously, however, he had circled the bay of San Diego. October Twelfth, a month later, Cabrillo took possession of the land in the name of Spain and the Viceroy of Mexico, on the spot where Ventura now stands.

This image is a vertical, high-contrast black and white photograph. The left portion of the image shows a textured, light-colored surface, possibly a piece of stone or metal, with visible vertical lines and some darker, irregular markings. This textured area is set against a stark, solid black background that occupies the right portion of the frame. The overall composition is minimalist and abstract, focusing on the contrast between the rough texture and the smooth, dark void.

NOVEMBER 24, 1910.—[PART I.]

BUSINESS CHANCES—
For Sale

WANTED—\$15,000.
If this advertisement were printed on a thousand bill it could scarcely be less valuable to you. If you have business standing and are a position to furnish \$15,000 to invest in an interest in a substantial established corporation sold as a rack; principal will double in 2 years. NET EARNING IS PER CENT. Will net permanent income in near future, 20 to 25 per cent; a sure foundation for the future; this is no idle dream, but a crystallized fact that can be substantiated by actual proof; this is not "mining or oil scheming" of green fields that are far away," but a substantial, successful business in the "good old Los Angeles." Bank references given and required. Particulars submitted to principals only, who knew a good thing when they see it, and are prepared to act. Every statement contained herein will be given, beyond a question of doubt; quick action necessary. Investigate at once. Address for one week, P. box 23, TIMES OFFICE.

BUSINESS CHANCES IN FERRIS, RIVER-SIDE Co., Cal. they are known to be room left for some of them in 2-story, modern brick blocks, at rentals for not more than 2 years, at \$15 to \$25 a month; the most important being a dry goods store, monthly for \$1,000, based on \$10,000 capital, new stock, surprising store, far exceeds this expectation; income for the following other locations: 4-story store, harness shop, bakery, or good restaurant, not more than 100 feet apart; these first come, first served! Building will be ready in two weeks. T. B. SHARPLESS, Ferris, Riverside Co., Cal.

FOR SALE—GROCERY, FRUIT AND CONFECTORY, WORTH \$2000; price for sale immediate sale; here you get nearly double your money's worth in goods and fixtures, and don't pay for imaginary features, which you probably can't hold; elegant fixtures, good stock, unexcelled location; no loss; no delivering; money maker all year around; suitable for man and wife; cash business; investigation invited; terms if desired. 318 EAST FIFTH.

FOR SALE—AN EXCEPTIONAL OPPORTUNITY to acquire half interest in a legitimate and profitable mercantile business with an established credit and standing. Partner forced to leave city will sacrifice his interest. If you can appreciate a real business opportunity and have \$1000 with services to invest, your thorough investigation of this proposition is invited. J. MADISON CARTER, 318 Children National Bank Bldg. Main floor.

DO YOU WANT TO GET IN A PROPOSITION that will earn you a life income? We are framing a close corporation that, with a small investment, will earn large dividends. We can not take it all ourselves, otherwise this opportunity would not be offered. If you wish this and get information. If you don't want it, there will be no loss, only a small trade; a little time. Address 21, box 21, TIMES OFFICE.

NOW WOULD YOU LIKE THIS? AN ANNUAL income of \$80 per year on an investment of \$250. This will double in five years. This is a bonified investment. No speculation, rigid investigation. Bank and local references given. Don't answer this unless you mean business and have the money. Agents and curiosity seekers save your time and paper. Address P. box 22, TIMES OFFICE.

LOCAL MANUFACTURING COMPANY wants services of competent city business man who can make substantial investment in business in this high-class and calls for high-class man; volume of business very large; profits on investment over 100 per cent per annum; moderate salary to buyer and agent; are principals. Address MANUFACTURER, J. J. box 25, TIMES OFFICE.

\$50,000 A YEAR PROFIT on an investment of \$40,000, which is needed to enlarge a well-established manufacturing plant turning out an article of great merit, for which the demand is much greater than the supply. We have a monopoly on the article. This proposition will stand the most thorough investigation. Call or write.

E. L. KORNFIELD,
19 W. Sixth st., L. A.

WOULD YOU LIKE TO INVEST YOUR MONEY where it will net you from 15 to 20 per cent in a Los Angeles Corporation that has been established 25 years right on Spring street? Kindness that will stand the closest investigation and has the brightest future possible. Owing to the retiring of a partner, we are offering an interest to reliable persons. If you think it worth your time to look into this matter, address V. box 25, TIMES OFFICE.

WANTED—PARTY WITH FROM \$2000 TO \$15,000 to invest himself in movie business, theaters and film exchanges owned by one of the largest and strongest concerns in the country. Money secured. Will stand the closest investigation. The best investment that can be had. Address Q, box 25, TIMES OFFICE.

FOR SALE—GROCERY, LOCATED IN THE apartment house section, near the business center; all cash trade, no delivery; stock is first-class; cannot give the business; close attention; will sell at a bargain; \$800 takes stock and fixtures or \$150 for fixtures; stock at invoice. \$25 WEST FIRST ST.

FOR SALE—GROCERY FIXTURES; SELLING out the fixtures and stock in a South Park ave. Counters and shelving at a very low price; store room for rent; stock to be sold by the first of the month. Call at the store between 9 and 12 o'clock. PHONE A168.

FOR SALE—\$300 PER MONTH PROFIT.
Can be made on an investment of \$2500. A new and novel idea. Call or write.

E. L. KORNFIELD, 19 W. Sixth st.

WANTED—COMPETENT MAN TO TAKE trust agency for lot and acreage near downtown. Party ready to put on the market. \$7500 business investment required. Investment guaranteed. Address 218, box 27, TIMES BRANCH OFFICE.

PARTY WITH \$2500 TO \$5000 CAN SECURE large interest in established manufacturing business paying good dividends. Party can earn several thousand dollars annually in addition by doing special work for the company. Address H, box 28, TIMES OFFICE.

MANUFACTURING CONCERN OFFERS INTEREST for sale; same carries with it place on Board and salaried position; party offers 50 per cent a year; this city alone yielding over \$20,000 net profit per annum. Party to deal with manager (we are not brokers), address J-2, box 21, TIMES OFFICE.

FOR SALE—CAR ENGINE WORKS AND MACHINE SHOP. All patterns, land, building and stock ready for business. Best location in California for gas engines and pump engines. Good chance for repair work of all kinds. Present owner desires to get out of business. Address Box 26, FRESNO, CAL.

FOR SALE—OR EXCHANGE—DOWN TOWN pool hall. No better location or place in the city. 8 pool and 2 billiard tables. Receipts will average \$30 per day. \$1000 cash. Easy terms. Will consider real estate of good value in exchange. A. R. COOKE, 318 Children National Bank Bldg. Main floor.

WANTED—\$1000 TO ASSIST IN FINANCING a highly profitable established business, which will bear the closest investigation; the party furnishing the above amount will have an equal share of the business. ROBERT A. BRACKLEY, 138 E. Fourth st.

Roberts property, on East Ninth street, which he will occupy for a home. It is hoped to accomplish the removal of the factory from Wilmington to this city within the next few weeks. Work on the new buildings for the factory, as well as the factory, will begin at once.

MEN ENTERTAINED.
The members of the Woman's Literary Club entertained their gentlemen friends last evening and a large assemblage was present at the club-house over the Commercial National Bank. The dining tables had been spread in the main room and later a two-course luncheon was served by a committee chosen from the membership of the club. Willing's orchestra furnished the music.

There is quite a hum of industry apparent at the various packing houses in this city, ready for the opening of the early packing season. The new, large crop in this section was never better colored, or further advanced thus early in the season. A considerable portion of the fruit will be shipped early.

AT THE CHURCHES.
A union Thanksgiving service is planned for all the churches of Upland, to be held at the Presbyterian edifice at 10:30 o'clock tomorrow morning. In the afternoon a musical service will be given at the Eastside and the Westside churches of Upland. A great deal of interest attaches, locally, to this feature. Nearly every business house in town will be closed during the day.

BREAK SERIOUS
IN RESERVOIR.
HUGE CONCRETE STRUCTURE IS
BADLY DAMAGED.

Constructed at Cost of Million Dollars and First of Three at San Luis Obispo—Loss is Extensive—Efforts Made to Stop Leakage—Many Feet Torn Out.

[BY DIRECT WIRE TO THE TIMES.]
SAN LUIS OBISPO, Nov. 23.—[Exclusive Dispatch.] After leaking and showing signs of weakness for the past week the million-barrel concrete reservoir, at the Producers Transportation Company's tank farm, broke last night and caused a great loss of oil.

Men had been watching the reservoir for some time, hoping that the leakage would stop and the oil continue to flow into the reservoir. Last night there was some 900,000 barrels of oil in the reservoir, when 125 feet of concrete gave way, and oil flowed freely on to the ground. Much oil has been saved and transferred to other tanks on the farm. Although the loss in oil will not amount to anything like the damage done to the reservoir, the break is a serious one to the Producers Transportation Company, which depended upon the tank to store vast quantities of oil from the oil fields.

BANNING.
BANNING, Nov. 23.—It is expected that operations will be resumed in the near future to complete the irrigation system for the Maliki Indians. The government has expended \$10,000 in improving the system, and a tunnel has been sunk and several miles of cement pipe laid. The Indians are looking forward to the allotment of their reservation by which means they will be given about five acres with water rights, and deciduous fruit will be extensively grown. In addition to the individual tracts a large acreage would be given to them in severalty, it being suitable chiefly for grazing.

Employees of the Brooklyn Rapid Transit Company, at Brooklyn, were notified of a five per cent. increase in wages to take effect once. The increase affects more than 12,000 men.

FOUR KILLED, FOUR MAY DIE
FROM DYNAMITE EXPLOSION.

Charges Put Into Hot Holes in Rock Cut at Barstow Freight Yards of Santa Fe Cause Premature Ignition—Witness of Terrible Event Goes Insane and Leaps Into Mojave River.

[BY DIRECT WIRE TO THE TIMES.]
SAN BERNARDINO, Nov. 23.—[Exclusive Dispatch.] Four dead and at least four probably fatally injured lie the toll of the dynamite explosion, which occurred today in a rock cut at the east end of the Barstow freight yards of the Santa Fe. The dead are Dick Lindsay, powder foreman; H. E. Hanlon, steam engine driver; J. Dominguez, powder helper; J. Aroya, P. E. Mohler and three Mexicans.

The explosion occurred at a point where the contractors, the Sharp-Pellows Company of Los Angeles, are cutting away the rock hill to extend the freight yards and eliminate a sharp curve, which has always been a menace to traffic. Several heavy charges of dynamite had been set preparatory to firing and the crew was just turning away to seek points of safety when, with a terrific roar, the hill literally burst into fragments.

The workers were caught in the uprush of the explosion. One Mexican was hurled away, another lost an arm and a third was badly mangled, being hurled into the air. Engineer Hanlon was hurled into the air and fell into the river. J. Dominguez was hurled into the air and fell into the river. J. Dominguez was hurled into the air and fell into the river.

Supt. Mohler died at the Santa Fe hospital, this city, late last night.

The Quickest, Simplest Cough Cure

Easily and Cheaply Made at Home. Saves You \$2

This recipe makes a pint of cough syrup—enough to last a family a long time. You wouldn't buy as much of a good cough syrup for \$2.50.

Mix one pint of granulated sugar with a pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (10 cents worth) in a pint bottle and add the sugar syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pinex is one of the oldest and best known remedies for the throat membranes. Pinex is the most valuable concentrated compound of Norway, which has been in use for many years. It is rich in gulonic acid and all the other natural healing elements which other preparations do not contain in this formula.

The prompt results from this recipe have endeared it to thousands of housewives in the United States and Canada, which explains why it has been so widely imitated, but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, is given with this recipe. Your druggist has Pinex or will send it to you, if not, send to The Pinex Co., Ft. Wayne, Ind.

CHICAGO, Nov. 23.—[Exclusive Dispatch.] After numerous revolver battles in which fifty or more shots were fired, two policemen were shot and wounded in police cells. On the North Side six Italians were arrested after a revolver battle and a valise containing revolvers, knives and safe blow tools was found in the possession of two of the men. It is believed that members of this band killed Detective Wynn of Chicago Avenue Police Station a year ago.

"WHITE SLAYER" IS JAILED.
STOCKTON TO PUT LID ON VICE.

[BY DIRECT WIRE TO THE TIMES.]
STOCKTON (Cal.) Nov. 23.—[Exclusive Dispatch.] George Moffatt, who had been charged with the murder of a woman, was arrested yesterday and sentenced to 180 days in jail for placing a young girl from San Francisco in a house of ill-fame. Moffatt fought when cornered in a lodging house and was wounded.

Moffatt has lived in San Francisco. It is said that he had made a living by procuring young girls for questionable resorts. He admitted taking the girl's money and once he says he took her clothes when she threatened to leave Stockton. The city has lately been overrun with undesirable and Moffatt is reported to be the first of a series of arrests planned by the police. Beggars are numerous and several houses are robbed every day. Orders have been given to drive the crooks out of the city.

WHITE SLAYER GETS DESERTS.
Portland Man Convicted in Federal Court of Forcing Wife and Young Cousin on Life of Shame.

[ASSOCIATED PRESS NEWS REPORT.]
PORTLAND (Or.) Nov. 23.—[Exclusive Dispatch.] Judge E. F. Wade white slaves of his own wife and her young cousin, Miss Carrie Bledsoe. David Westman was convicted by a jury in the Federal Court today under the National law prohibiting the white slave traffic.

Westman's conviction is the third in Portland within a week. He was accused by the two women, who testified at the trial of his having tormented them into compliance with his orders that they enter upon disorderly careers. Mrs. Westman testified that Westman had taken her two-year-old child from her and had beaten her severely when she protested against the course which he was forcing her to pursue. Miss Bledsoe, her cousin, was an ignorant country girl who was forced into white slavery by Westman soon after coming here from South Bend. The girl is now in the police custody.

Westman's only defense was insanity. He did not dispute the testimony of the women.

RANCHER SLAYS NEIGHBOR.
Tragedy Follows Quarrel of Wyoming Men Over Fences—Wife Describes Mate's Death.

[ASSOCIATED PRESS NEWS REPORT.]
SHERIDAN (Wyo.) Nov. 23.—Alonzo W. Cotton was shot and killed today at his ranch one mile over the northern Montana boundary by George Harris, a neighboring rancher. Both men are past 60 years of age, and are well known in this district.

Harris arrived here late today afternoon and stated he was along the road when Cotton fired four shots at him. Harris is under arrest.

Mrs. Cotton said Cotton was a greedy, avaricious man who appeared and shot her husband. The men had had trouble over their fences.

EX-CONVICT SHOT.
BRAWL IN NORTHERN SALOON.

[ASSOCIATED PRESS NEWS REPORT.]
SAN FRANCISCO, Nov. 23.—While drinking in a saloon here today, Cash Crosby, an ex-convict, was shot and fatally wounded by an unidentified assailant, who escaped before the police arrived. In a pocket of the wounded man was found a letter to a woman.

Celery growers expect that December will be the best month known to the history of the industry in Orange County. The price of the crop is high for this month. In December the demand for California celery will increase with cold weather in the East.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

The Consolidated Commission has begun its work on a program for the city and county government. Henry C. McClure, aged 86, bequeathed about \$16,000 to several Spiritualistic organizations in his will filed for probate yesterday.

The trial of Victor C. Henry, alleged forger, was fixed by Judge Davis for January 19. Henry pleaded not guilty to three informations.

Prince Nicolas Troubetsky of Russia, was naturalized in Judge Houser's court yesterday.

AT THE CITY HALL.

MAKE START ON CONSOLIDATION.

COMMISSION ORGANIZES AND APPOINTS COMMITTEES.

Work begun on the Programme of Unifying City and County Government Under a Single System and Providing for the Distribution of Surplus Power and Water.

A start on consolidation of city and county government for Los Angeles, a desire almost universal for years, was made yesterday morning when the Consolidated Commission held its first meeting at the office of the Mayor.

James A. Anderson was chosen chairman of the commission, and Lorin A. Handley, secretary, and another meeting will be held at the Mayor's office next Monday morning.

At that time Chairman Anderson will name sub-committees on Ways and Means, Boundaries, Form of Government, and Legislation and with their creation the work of the commission will be segregated for a time while the details are being worked out.

The most important committee is that on boundaries for its work will be not only to determine the approximate limits of Los Angeles in 1940, or more ahead, but to select territory that is to become the exclusive beneficiary of the distribution of excess water from the Owens River and power from the aqueduct hydro-electric plants.

In order to expedite the work the commission authorized the Secretary Handley to send an invitation to the head of every city department to aid promptly with information that will be useful in reaching a final conclusion, as it is intended that legislation to insure consolidation and a stable government shall be introduced in the next session of the Assembly, which begins in January.

The problems to be solved are not alone governmental; there are legal and ethical questions involved in doubt and they must receive careful consideration. For this reason the expected sub-committees to be named Monday will hold frequent meetings and reports will be made at weekly sessions of the general commission.

The scope and purpose of the commission was defined in a report of the sub-committee composed of W. B. Matthews, Sidney A. Butler, and Chairman Anderson, which was presented at yesterday's session and unanimously adopted. In this report latitude of the work was thus described:

"The duties of the committee embrace the investigation of all matters connected with and necessary to bring about the consolidation of the city and county governments within the territory now occupied by Los Angeles city and such adjacent territory as may be deemed best to combine with the present city and in this connection:

"First—to investigate the present state of the laws on this subject, and what, if any, legislation, either by constitutional amendment or by legislative acts, may be required or advisable;

"Second—to consider and recommend what boundaries should be ultimately adopted for the city of Los Angeles in relation to consolidation and in this connection to consider the disposition of surplus power and water so as to secure such disposition to areas that will finally constitute the consolidated government;

"Third—to consider the form in which consolidated city and county government should be cast in connection with or as it may be applicable to the administration of the water and power supplies;

"Fourth—to consider the best plan to accomplish such consolidation;

"Fifth—to make report to the Mayor and Council of the result of our investigation."

OFFERS BOND SALE.

"SOLID FIVE" PROGRAMME.

Chairman Washburn, of the Council Finance Committee, yesterday sent a telegram to A. W. Bullard, San Francisco representative of the syndicate which underwrote the aqueduct bonds, expressing the decision of the "solid five" on the refinancing of the water project. An answer is not expected now until tomorrow or Saturday, as Bullard will have to take the new proposition up with Kountze Bros., in New York by wire. The telegram sent by Washburn follows:

"City Council yesterday by vote of two to four rejected proposed contract as recommended by Special Finance and Advisory Committee. Whole matter again referred to that committee with instructions to syndicate following proposition: Million twenty thousand at once and million two hundred fifty eight thousand at once or when syphon steel must be paid for, which will be approximately one-third April 1, June 1, and August 1, 1931, respectively. All at price of par and accrued interest. Deliveries of same to apply on last deliveries of last option existing contract, and existing contract otherwise to remain the same."

STREET CAR PAVING.

MUST ADD ONE FOOT.

A foot of paving for which the property owners have paid in many streets is to be eliminated in the plans for paving Jefferson street, between Vermont and Western avenues as reported to the Board of Public Works by the City Engineer yesterday.

The engineer reports that improvements have been ordered on many streets in the past where the street railway tracks were constructed with ten feet between centers. This company 18.5 feet of paving to provide for. But the companies are making eleven foot centers standard now so when reconstruction follows paving the company gains an actual use of 13.5 feet although paving a foot less.

In order to avoid assessing this six inches on each side of the tracks to the property owners as has been done in the past the Engineer's plans for Jefferson street provide for the omission of six inches on either side of the tracks and this will put an extra foot of paving on the company when it reconstructs to standard measure. In the Jefferson street paving alone the Engineer estimates that the property owners will be saved \$900. He

expresses no doubt that the companies will assume this paving duty.

The plan was approved by the Board.

MOTORCYCLE RACING.

Protestants against the use of the Coliseum track, at Main and Sixty-fourth streets, for Sunday motorcycle racing, failed in their efforts to get the Council Public Welfare Committee to recommend legislation that is intended to prohibit such use of the saucer track.

The protestors included many women and their spokesmen were Rev. Charles E. Locke. They declared the noise of the racing was a nuisance and that there was evidence of gambling and liquor selling.

George O. Kremer, manager of the track, presented a statement showing that there is neither liquor selling nor gambling on the premises and no saloon within many blocks and he also read petitions signed by many of the nearest neighbors stating that the noise was no annoyance.

In addition to the prayer for a judgment against Miner, the plaintiff asks for \$200 from the First National Bank on account of the Johnson note, which the plaintiffs credited Miner with and paid, and \$6000 from Luther H. Green, one of the defendants.

PASADENA GAS.

GETS INTO COURT.

Judge Moss is trying the case brought by the Economic Gas Company against the Valley Gas and Fuel Company, to recover \$254.25, alleged to be due from the defendant for furnishing gas to the customers of the Valley Gas and Fuel Company.

In June, 1929, the plaintiff alleges it agreed to furnish the defendant with gas for heating and lighting purposes through the mains in Pasadena, at the rate of 50 cents a thousand cubic feet. The rate was reduced to November 30, 1928, was 7,635,000 cubic feet, worth \$3817.50 at the rate agreed upon, of which \$1906.65 has been paid on the account.

The defendants allege that in January, 1929, the People's Gas and Coke Company entered into a contract with the plaintiff to furnish gas for heating and lighting purposes until terminated by a sixty days notice. In June, 1929, the Valley Gas and Fuel Company succeeded to the business of the People's Company, and assumed the obligations of the corporation. The contract continued until January 1, 1930, when it expired.

Another defense was that during the life of the contract the quality of the gas was so poor that the citizens of Pasadena were constantly complaining about it, so much so that the defendant was compelled to make a large sum in its own gas, and did so make 1,047,220 cubic feet of gas to be used by customers, the cost of the plaintiff being deficient in quantity and quality.

RUSSIAN PRINCE.

HE'S NOW A CITIZEN.

Prince Nicolas Troubetsky, born in France of Russian parents, was among the applicants for American citizenship papers in Judge Houser's court yesterday. After answering the questions put to him by naturalization examiner Fred K. Jones, the Prince passed muster and is now a full-fledged American and has a warrant to kick on the government.

According to the information contained in the blanks furnished aspirants for citizenship, the father of the Prince is a commander in the Russian army, the mother, Mrs. Anna Troubetsky, was born in Naples in June, 1905, and has been a resident of this city for more than five years. He is engaged in the real estate business and is known as Princess Katherine M. Troubetsky, although as titles go in Russia, the name of the Prince some years ago married Amelle Rivers, the Virginian novelist.

Others admitted to citizenship were: Charlotte A. Rose, Wilhelm Olsen, Matthew G. Denney, Claude A. Quist, Max Miller, Herman J. Blatchford, Lee J. Foster, J. E. Shaw, H. H. Schenfeldt, Frank Rositzer, Bertram Ridart, Bozo Lazarovich, Philip A. Armenta, Vladimir Lamar, John Bond and Giuseppe Matrona.

CRIMINAL MATTERS.

MANY CASES DISPOSED OF.

In Judge Davis' court, yesterday, Victor C. Henry, charged with three informations, pleaded not guilty, and the other two securing property under false pretenses, engaged the attention of the court. The demurrer to the complaints was overruled, and Henry pleaded not guilty to the charges. The trial was set for January 19.

The Catalina fishermen, Steve Williams and Salvadore Carlos, who were charged with fishing for snappers within three miles of the island, filed an application for probation, and the matter was continued until next Wednesday, when the testimony will be taken.

John Gottschalk, charged with a felony, pleaded not guilty and his trial was set for January 13.

In Judge Wille's court, W. P. Conington, who had pleaded guilty to forgery, was allowed to go on three years' probation.

The information against Luther Williams, charging seduction, was dismissed.

JACOBS TRAGEDY.

REVIVED BY DAMAGE SUIT.

One year ago today, Catherine and Nicholas Jacobs, with four of their children, were killed at the Latin station crossing of the Pacific Electric Railway. The bodies were found in their home from a merry Thanksgiving feast, when in the taking of an eye six of the party were killed instantly.

Efforts have been made on the part of the attorney representing the heirs to secure a settlement of the loss, but without success, and yesterday an action was brought asking for judgment for \$50,000 for the deaths of the husband and wife, and for the loss of four children left of the large family, and the estate has been in process of settlement for the past year. The trial was set for January 13.

PUT UP AS BOND.

GREENBACKS ARE GOOD.

Ten thousand dollars in greenbacks were put up last evening as bond for the release of J. Howard Green, a Texas attorney, who is charged with murdering Thomas J. Skidmore on the night of September 13. Green had been in jail ever since the commission of the crime, but he was released on the order of Judge Wille after the money had been paid into court.

Skidmore, the dead man, was shot by Green after the former had made himself obnoxious by following the wife of Green, who seems that Skidmore, who had known the Greens in Texas, pressed his attentions upon Mrs. Green, with the result that he was shot during the effects of the shooting in the Receiving Hospital some hours afterward.

Before consciousness deserted Skidmore, he made the statement that

Green was perfectly justified in shooting him, and that he alone was to blame for the tragic ending of the affair.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

FIGHT ON POY ESTATE.—The statement was made in Judge Davis' court yesterday that there would be a contest in the settlement of the Samuel Calvert Poy estate when the question of approving the final account of Lucinda Macy Poy, executrix under the will, is submitted to the court.

The hearing on the account was set for yesterday, but it went over until the 20th inst. The amount to be accounted for by the widow is \$84,227.34. The heirs are: J. C. Poy, Mary E. Poy, Cora Poy, Edna Poy, Neher, Alma May Woolwine, Florence P. Olmstead and Mrs. Lucinda Macy Poy, the widow.

It appears that in August last, Miner secured credit at the bank on account of drafts endorsed by himself, drawn on Arthur P. Dow & Co. Boston; C. D. Morgan & Co. New York; J. Gartland, San Francisco, and others, none of which were paid, on August 13, Miner, it is alleged, endorsed a check purported to have been drawn by A. R. Johnson upon the First National Bank, and this too was dishonored.

In addition to the prayer for a judgment against Miner, the plaintiff asks for \$200 from the First National Bank on account of the Johnson note, which the plaintiffs credited Miner with and paid, and \$6000 from Luther H. Green, one of the defendants.

GREENBACKS ARE GOOD.

Ten thousand dollars in greenbacks were put up last evening as bond for the release of J. Howard Green, a Texas attorney, who is charged with murdering Thomas J. Skidmore on the night of September 13. Green had been in jail ever since the commission of the crime, but he was released on the order of Judge Wille after the money had been paid into court.

Before consciousness deserted Skidmore, he made the statement that

consequently his opinion took precedence over Trooy's.

"I.W.W." according to the police, is the insignia of the "I Won't Work" society, but when he appeared in court Trooy took a sudden interest in manual labor and told the court he was just "talking" to get something to do.

"You can pay \$10, then, and see if that makes you feel any better," Police Judge Frederickson remarked.

Pickett was treated in a similar manner, but he is still lingering in the City Jail.

SHE'S STILL CALM.

WOMAN WHO SLEW MAN.

Mrs. Angela Maria De Vita appeared for arraignment in the Police Court before Police Judge Frederickson yesterday afternoon and secured a continuance of her case until Friday morning.

The inquest held yesterday afternoon over the shooting of Abelo Brevo by Mrs. De Vita resulted in the jury declaring it a case of homicide and a complaint charging Mrs. De Vita with murder was immediately filed.

Calvin as when she first told the officers how she shot Brevo, Mrs. De Vita entered the court room yesterday afternoon and seated herself beside Detective Roberts, who has been investigating the case.

She watched with interest the other cases called and her face bore the expression of perfect contentment. From time to time she leaned forward and whispered into the detective's ear, and his answer evidently pleased her, for she smiled on each occasion.

Her two-day confinement has made no visible impression upon her. In spite of moping about the jail as do most of the women in the matron's department she is very cheerful, and even goes as far as to ask the matron if she cannot assist her with her duties.

She is confident of acquittal in her trial in the Superior Court. On account of her confidence, the detectives said yesterday, no other course is open.

SAVES MANY YEARS.

"BUMMING WASTES LIVES."

Police Judge Frederickson gave some wholesome advice to two boys who were brought into Police Court yesterday morning on vagrancy charges. Sentences were then suspended, and the boys promised to go to work.

James Mackin and Joe Senter were found sleeping in a box car in the Southern Pacific yards Tuesday night. They were arrested and locked up in the City Jail for the remainder of the night.

"You don't look like bad boys," Judge Frederickson said, "but you may be later on if you keep on bumming."

"There is nothing in bumming," I will tell you that so you won't spend the best years of your life learning it. Go and get jobs, both of you, and make your watchword 'stick.' Don't be afraid to work. Go it at hard."

A sentence of 15 fine or seven days in jail was then suspended.

HOTEL CASE CONTINUED.

DEFENDANT IS SICK.

Police Judge Chambers yesterday morning continued the case against L. A. Stewart, charged with selling a hotel he did not own, until December 14, because Stewart's attorney declared the defendant was too ill to appear in court.

Stewart's case attracted considerable attention when he was arrested about three weeks ago. Stewart, a real estate dealer, is charged with embezzling about \$2000 from Mrs. Gertrude Noble, an elderly woman who recently inherited about \$40,000. Mrs. Noble is said to have purchased the Santa Rita Hotel for \$8000 from Stewart. At the time of the sale, Stewart did not own the hotel, but later is said to have purchased it for about \$5000, and then, after transferring it to Mrs. Noble, have had himself named as manager.

Mrs. Noble lost about \$40,000 of her inheritance within a few weeks of the time she received the money, and investigations on the part of her friends disclosed the purchase of the hotel.

A Day of "Twenty-three."

Yesterday, November 23, in Police Judge Frederickson's court might be called "akido" day if that word has not been outlawed or forbidden among English-speaking people. There were twenty-three prisoners charged with drunkenness, twenty-three prisoners released on bail, twenty-three cases dismissed and continued and the first case called was No. 10723.

Police Court Brevities.

Last week was a profitable one from the standpoint of Police Court fines. The collections in Police Judge Rose's court, where all misdemeanors arising during the week were tried, totaled \$1500. This is about \$100 above the average amount collected during the period.

W. F. Buck, mechanical superintendent for the Santa Fe, arrived in Los Angeles yesterday morning on a tour of inspection.

Pickett said he was a Socialist, and

Another Sale of Tailored Suits Begins Friday

We keenly appreciate our customers' confidence in our newspaper announcement, as illustrated by the throngs of women who came Monday and Tuesday and Wednesday in response to our underpriced sale of suits. So we are unusually glad to announce today that, beginning tomorrow, we shall repeat this sale, with additions from stock that arrived during the early part of the week:

STRICTLY NEW TAILORED SUITS WORTH \$42.50, \$40 AND NONE LESS THAN \$35. On SALE AT \$25.00

STRICTLY NEW TAILORED SUITS WORTH \$25 AND \$27.50, ON SPECIAL SALE \$17.50

No woman who desires to be well-dressed at little expense can afford to overlook either of these splendid sales, which concern brand new garments of the finest qualities at first-mentioned prices, at such radical reductions.

IN THE GROUP OF GARMENTS AT \$17.50 WILL BE FOUND MANY OF THE VERY POPULAR BLACK AND NAVY CHEVIOT SERGES, AS WELL AS MIXTURES OF THE BETTER SORTS.

IN THE GROUP AT \$25.00 WILL BE FOUND ZIBELINES, CHEVIOTS, SERGES, MIXTURES, TWEEDS, ETC., IN PRACTICALLY EVERY GOOD WINTER SHADE.

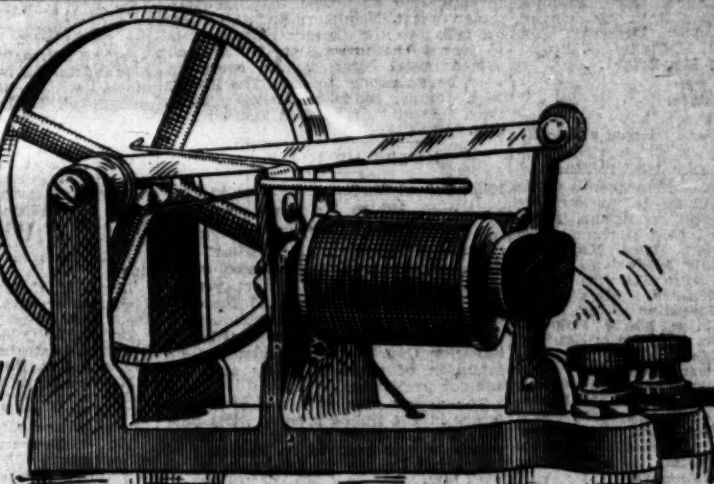

Size assortments are satisfactory; the coats are the popular 30 and 32-inch lengths; with semi-fitting backs, giving straight line effect from shoulder to feet. Skirts are gored, with box pleats in back; or without pleats. Alterations will be made carefully and promptly on all of these garments. Sale begins at 8:30 Friday morning; plan to be here early.

How to Save Your Life and Health

Oxygen, the Greatest and Most Perfect Curative Agent in Nature, Made to Perform Miracles in Bringing Health to the Afflicted, With Little Regard to What the Disease May Be—Read the Remarkable Things It Has Done For Others.

Why Oxypathy is Right

It Is Thoroughly Scientific, Up-to-Date, and Has Proven Itself.

BRINGS NEW RELIEF TO SICK

Does Away With All Old-Time Methods Which Were Wrong in Principle, a Failure in Practice and Frequently Most Injurious.

There is nothing more hateful to the sick than doses of nasty and frequently very poisonous medicine.

There is nothing more terrifying to the afflicted than the knowledge that they must be placed on the operating table and to have something cut off or cut out.

A New Era Dawning.

We have come to a new time now. The crowning glory of all man's conquests has been his discovery for utilizing the full benefits of ozone or oxygen, now fully acknowledged the only perfect eliminator of sickness.

The secret of this victory is the Oxygenator. In the same sense medicine and the knife are passing into the limbo of a forgotten past.

Why? Because they are wrong in principle, a failure in practice and absolutely inhuman. The Oxygenator is not a "cure," it is a cause remover.

The Oxygen forced into the body by its use, burns out all disease poison of whatever nature. It restores the whole body to its natural, normal, healthy state.

If you use it for headache, it not only removes the cause of that headache, but at the same time all other causes of all other diseases in the body. The Oxygenator is not an electric battery.

Electricity is only a child—an offshoot—of magnetism. Magnetism is the parent, the great underlying principle.

The Oxygenator is an application of a part of this great principle.

It is thermal diamagnetism, and that is an enormous subject to go into.

It is not a new principle. It has been known since 1833, but has been suppressed and crowded aside to be forgotten. But it has now become the chief corner-stone of the new, safer, more perfect system.

Very Quick and Easy In Results

The Oxygenator Begins Action the Instant It Is Applied and Relief Begins at Once.

There is nothing in all the world which acts as quickly on disease as the Oxygenator.

It begins at once to give you a strong sense of a power drawing health back into the system.

You almost instantly begin to feel the pain subside, the fever disappear, and strength take the place of weakness.

You Need the Oxygenator in Your Home

The Oxygenator Cures Without Drugs—Without Doctor Bills

There is no expense connected to treatment with the Oxygenator except the original cost of the instrument. It insures the health of your whole family for life, at a lower price than a specialist would charge for one visit.

The Oxygenator is always ready to be applied at a moment's notice. It is quickly attached by two clasps to the ankle and wrist, and at once gets to work. You feel no sensation whatever—nothing but the gradual revitalization of the body and the tingle of invigorated red blood as it oxidizes the germs and poisons.

With an Oxygenator in the house there is no fatal delay when attention is needed for the sick. It is always ready to be applied—ready without time wasted in examination—ready without the guessing and the other dangers of a wrong diagnosis, because of which the lives of thousands have been sacrificed.

No diagnosis is needed with the Oxygenator. It hits straight at the cause of the disease and gets busy uprooting it.

Surely such an instrument will be welcome in your home as a worthy substitute for the disagreeable, poisonous drugs of an inefficient medical system.

As an example, the Oxygenator breaks up membranous croup within a few minutes.

It produces perspiration at once, after the best-known fever-reducers have utterly failed.

The Oxygenator begins the reduction of the most stubborn inflammations at once, and overcomes them within a few hours.

If used at the beginning of a fever it averts it almost instantly.

It quiets the most agonizing pain within fifteen minutes.

In cases of insomnia, when sleep is almost impossible, even under the most powerful sleeping powders, it produces the most profound and restful slumber, without a single harmful effect.

Bright's Disease and Diabetes

The Oxygenator has made an enviable reputation in these dreaded diseases, many of the cases treated having been far in the advanced stages. Many who were given up years ago got an Oxygenator and are today healthy and happy. A few weeks ago a lady who had had twenty-five doctors and was suffering tortures got an Oxygenator because her physician refused to attend her any longer, saying it was useless. Now she has recovered and is back to business.

Catarrh

is one of the most responsive to treatment. The Oxygenator destroys all the inflammation, leaving the head as clear as a bell.

Stomach

When your stomach is out of order, call red blood to its aid. It will make it churn more vigorously and stimulate the gastric juices. A supply of oxygenated blood to the stomach almost immediately drives off the gases and cures indigestion.

Blood Poison

Nowhere is the power of oxygen so plain as in cases of blood poison. It quickly attacks the blood toxins, burns up the refuse and washes it away for complete elimination.

You Surely Want to Investigate the Oxygenator

We realize that the Oxygenator is new and strange to most of our readers. But it is already in use in no less than 10,000 American homes and the number is rapidly growing.

You ought to know about the Oxygenator. It will cost you only two cents to send for the book "Oxypathy" or simply mail a postcard bearing your request.

It tells all about the Oxygenator—tells you why drugs which make a well man sick cannot make a sick man well.

If you would like to see the Oxygenator and try it before you buy it, we will gladly arrange to have you do so. After you know about it you would not care to be without it if it cost ten times what it does.

Brings Health to the Whole Family and Keeps Them Healthy

Happy is the home where the Oxygenator has brought freedom from sickness, liberation from drugs and doctors' bills. It will safeguard the health of your whole family from the oldest to the youngest.

If you have growing children the Oxygenator is a real angel of good health, hovering over their lives to make them well and keep them well. It takes the danger and the suffering out of the diseases of childhood. It will save you and yours many sleepless nights—many hours of suspense and anguish, and many dollars in doctors' bills.

It rests the nerves of the tired mother, helps her through the trying days of motherhood. Preserves the health and strength of the father—so that he goes to his day's work with a firm step, with the glow of health on his cheek.

It is a friend indeed to the aged—soothing the pains and aches which torment their worn frames, easing the anguish of rheumatism and bringing joy and peace to their crowning years.

For consumption, pneumonia, asthma and all the pulmonary diseases, the Oxygenator has a most magical effect.

The World's Most Famous Physicians Are Agreed That Oxygen Will Displace Drugs in Curing Disease.

The Oxygenator "Charges the Blood With Oxygen"

Simply Two Small Clamps To Adjust—Nature Does The Rest.

The only successful method ever discovered for oxygenating the blood is the Oxygenator. By means of this new, natural, drugless, home treatment, the body is "polarized" and becomes at once a strong attractor for the free oxygen which abounds in the atmosphere.

The Oxygenator

Causes You to Absorb Oxygen in Immense Quantities Until Your Whole System Vibrates With Vitality

A Thousand People Here in Southern California Will Endorse FROM THEIR OWN EXPERIENCE What is Said in the Following Testimonials:

Asthma, Catarrh, Insomnia and Constipation

Redlands, Cal., Jan. 30, 1916.
Gentlemen: I wish to tell you of the great amount of benefit that I have received from the OXYGENATOR that I purchased from you a few months ago. I have been suffering it for Catarrh, Insomnia and Constipation. I now get a good night's sleep and feel fully rested in the morning and my Catarrh of several years' standing is almost entirely cured. For the past fifteen years it has been necessary for me to depend upon laxatives for my bowels, but since using the OXYGENATOR I have dispensed with drugs entirely. The OXYGENATOR that I purchased for my daughter-in-law for a Christmas present, is now giving splendid results for Asthma. I am now eighty-two years old and my only regret is that I did not own an OXYGENATOR years ago. (Signed) A. D. COOPER.

Stomach Trouble

So. Cal. Oxygenator Co., Los Angeles.
Dear Sirs: Referring to your inquiry about the Oxygenator, I have used it about two months. I was suffering at the time with stomach trouble and much distress after eating, losing 30 pounds in one month, and my eyes troubling me very much. Soon after using the OXYGENATOR I have dispensed with drugs entirely. I found that I could sleep well, and can also eat as well as ever, without discomfort. I do not believe that any person could make a better investment, and I would like to tell you what I saw an Oxygenator do for a man who was very low in the last stages of Bright's disease. He was lying flat on his back like a dead man when they attached the Oxygenator to him with full strength, and inside of two hours he called for food and called by name the people in the room, yet he had not eaten or known any one for three days. Hoping you will have much and continued success with the work, you will hear from me later.
Yours sincerely,
March 19, 1916. 4615 Normandie St.
MRS. E. S. DODGE.

Nervous Headache

Redlands, Cal., Aug. 12, 1916.
The Oxygenator Co.,
Gentlemen: Through the influence of friends who have been benefited by the Oxygenator, I decided to obtain one for my wife, who had been afflicted with nervous headaches for several years. We have every reason to be grateful for buying it, as it not only permanently cured the headaches but has improved her health in a great many ways. In my case, having suffered two weeks with bilious fever, I was compelled to give up work and go to bed. I had a fever of 102 degrees. Learning that the Oxygenator was recommended for fever, I applied it to my case, with the result that I was back in the office the next day feeling as well as ever. We have used it on children for acute fevers and it has always given immediate results. Consider buying the Oxygenator the best investment I have ever made and would not be without one under any conditions.
Yours truly,
23 Sumner St.

A Family Doctor

Los Angeles, Cal., May 25, 1916.
My Dear Friends: We have tried the Oxygenator for two months and can say it is a wonderful life saver as well as life preserver. It has been tested in a severe cold for my sister who is from Indiana, who has never before known what it is to have it broken up, but was always laid up from a cold, and was in this case it commenced with a severe cough and new things, at other such times she could not sleep at night for coughing, but after applying the Oxygenator, slept all night without coughing and in three nights the trouble was entirely broken up. We also tried the Oxygenator in a case of vaccination of this sister's little boy, who was in a terrible fever, running high, and sick at the stomach. In 20 minutes after applying the Oxygenator, the fever lessened, the stomach ceased to heave, and before morning the fever was entirely gone, and by nine next morning the little boy was out of bed and his arm was sore well.
We also used the Oxygenator for any one of the family who might be too tired to sleep at night. Its restful influence in the morning was felt not alone in the morning, but fully realized throughout the day.
It is certainly a wonderful invention, and we can recommend it to any one sick or well, young or old.
Sincerely yours for the advancement of the Oxygenator,
303 Berkeley St.
MR. STELLA SPRAY.

Nervous Breakdown

Panama-Hamilton Corbin Works, 12 Time Street, Los Angeles, Sept. 26, 1916.
Gentlemen: Having completely collapsed with nervous prostration and finding absolutely no relief in any way from doctors, I decided to try an Oxygenator as a last resort. After using it for ten days I was able to resume my business. After a few days' rest I again applied the Oxygenator with the result that in one month's time I am in perfect health, have complete control of all nerves, and the brain is clear for business. I can fully recommend the Oxygenator for all nervous strain and nerve pressure.
Yours truly,

Sciatic Rheumatism

308 San Pedro St., Los Angeles, Cal., Nov. 21, 1916.
So. Cal. Oxygenator Co., 322 Broadway, Los Angeles.
Gentlemen: The Oxygenator I purchased from you on June 27, 1916, is doing fine work. I am feeling better and improving every day. Have more energy. I have been troubled for many years with pain in my back and tried oils and plasters without any relief, but now have much pleasure in telling you that the Oxygenator is a wonderful medicine.
On the 25th of last month I lent the Oxygenator to a friend of mine who was taken with a severe attack of lumbago; in three days he was well.
On the 3rd of this month I also lent it to a lady who was taken suddenly with a violent fever, skin hard and dry; in fifty minutes she was perspiring freely and next day was doing her work.
